### TWO SHOTS FIRED AT AMERICAN SHIP - U-BOAT'S CAPTAIN TALKS OF PEACE TO MATE CARRYING MOREN'S PAPERS

New York, December 4—The American oil tank steamship Moren, which arrived here today from Stockholm, reported having been stopped by a German submarine four miles off the coast of Norway on November 16.

Captain Edward J. Banvard said the submarine fired two solid shots at his vessel in ordering him to halt. One shot dropped into the sea only 20 feet away.

The submarine signaled the Moren to launch a boat and bring her papers, and after the documents had been examined she was allowed to proceed. The first question asked by the German commander of the mate who went aboard the war vessel was:

"When do they think in America we will have peace?"

**Wrecked Dwellings and Barns Left in Wake of Cyclone—Lives of School Children Were Saved By Teacher—Several Persons Hurt.**

Hartford, Ky., December 4—Bouncing like a rubber ball, and destroying everything with which it came in contact, a cyclone swept through the northern section of Ohio county this afternoon. Several persons are believed to have been injured.

Several dwellings and a score of barns filled with tobacco, corn and other farm produce were destroyed. Much valuable timber was blown down. It is believed the total damage will be close to \$25,000.

A flying plank struck Homer Dean and inflicted serious scalp wounds.

Mr. and Mrs. Walter Allen, who live six miles north of here, ran toward the home of a neighbor at the approach of the storm, which swept away a barn 75 feet from them and bounded directly over their heads, pulling up posts 50 feet on the other side. They were uninjured. Two mules were in the barn when it was carried away. They were left standing, unhurt. Hailstones as large as eggs were reported to have fallen.

The storm seemed to have traveled a stretch of about 10 miles in this county. Several farmers, rendered homeless by the cyclone, stayed at homes of neighbors tonight.

**School House Is Wrecked By Cyclone, Which Sweeps McLean County, Kentucky.**

Owensboro, Ky., December 4—Southern McLean county was visited by a destructive cyclone this afternoon. A green, funnel-shaped cloud first struck the ground near Sacramento, where it did considerable damage, destroying barns, fences and uprooting trees.

The Knobb Lick schoolhouse was destroyed. The teacher saw the approach of the funnel-shaped cloud and marched the children from the building to a place of safety. Three large barns belonging to Jack Conrad, and the large tobacco barn of W. F. Spicer, containing several thousand pounds of tobacco, was destroyed. The building was torn into splinters.

At Livermore the cloud bounded into the air and next struck in the open fields, where huge holes were torn in the ground. At Nuckolls the residence of John G. Atherton was wrecked. In Owensboro there was a hard hail storm, but no wind.

**Indiana Town Bombarded By Severe Hailstorm—Damage Estimated at \$10,000.**

Cannelton, Ind., December 4—Damage estimated at nearly \$10,000 was done by a bombardment of hail which struck the town of Troy late this afternoon, perforating tin and shingle roofs, killing chickens, birds and rabbits and causing extensive damage to stocks in stores. The hail fell for half an hour, covering the ground to a depth of nearly three inches.

The storm increased in violence toward the close, the hail resembling a bombardment of marbles. Some of the stones were large, many pieces of the ice being as large as walnuts.

Virtually every window in the western sides of the buildings in the town were smashed and every exposed light was broken.

Horses tied along the streets were terrorized.

**Two Persons Injured, Probably Fatally, When Freak Cyclone Sweeps Indiana County.**

Princeton, Ind., December 4—A freak cyclone a few hundred yards wide tore through Buckskin and Mackey, small settlements in the south part of this county tonight. Nine houses and barns were destroyed and Mr. and Mrs. Henry Baker probably fatally hurt at Buskin. All wires are down and no report can be had on the extent of the damage at Mackey. The storm followed a day of sultriness with thunder and lightning and some rain and hail.

**MORMON PROPAGANDA IN EUROPE OPPOSED**

Pittsburg, December 4—In executive session today the National Reform Association passed a resolution instructing the President, Dr. H. C. Minton, of Trenton, N. J., to send a special committee to President Wilson to protest against the bringing of European women here to become the wives of Mormons. The association, it was said, recently laid before the State Department a report in which it was alleged 2,000 agents of the Mormon Church are in Europe trying to influence widows and daughters of dead soldiers to come to this country, promising early marriage.

**Deafness Cannot Be Cured** by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is a thin but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.
